

Technical Specifications:

Screen: 8" (200mm) diameter upright screen with precision cross hairs and overlay clips

Workstage: High precision workstage with (150 x 150mm) top plate

Traveling Range: (25/50mm) X-axis, (25/50mm) Y-axis Rapid movement, swift-release mechanism on both X and Y axis.

Magnification Objectives: 10x
(Optional: 20x/50x)

Focusing Range: 100mm

L.C (Least Count): 0.005mm

Illumination:

Contour - 12VDC/100W Halogen
Surface - LED 12VDC/3W

Projection Accuracy:

Contour Illumination : $\pm 0.1\%$
Surface Illumination : $\pm 0.15\%$

Stage weight capacity: upto 5kg

Power Supply: 220VAC 50/60Hz
